

PRESS RELEASE

THURSDAY 23 APRIL 2020

Resumption Regional Airline Flights Monday 4 May

Fly Corporate has entered into a Grant Agreement with the Federal Government to provide a minimum weekly schedule from Monday 4 May 2020 to the regional ports it serviced prior to the emergence of the COVID-19 pandemic. The grant is provided under the COVID-19 Regional Airline Network Support (RANS) program announced by Deputy Prime Minister, the Hon Michael McCormack, on 28 March 2020. Mr McCormack stated that the program was established to ensure secure and affordable access for passengers who need to travel and to support the movement of essential freight such as critical medicine and personal protective equipment.

Fly Corporate CEO, Andrew Major in thanking the Federal Government for their support, said “We are very pleased regional communities can retain these vital air links. This program provides critical connectivity at a key time for regional Australia and positions regional airlines to rebuild their scheduled services to pre pandemic levels upon resolution of the current crisis. We have undertaken a thorough review of our procedures to ensure that appropriate travel health measures are in place to ensure a safe, pleasant and comfortable journey for our passengers”. **Flights are now open for booking.**

| Return Services Per Week | Pre COVID-19 | RANS Schedule 4 May 2020 |
|---------------------------|--------------|--------------------------|
